KASHI SCIENTIFIC
*Your Trusted
Scientific Supplier*

Universal Pipette Tips

Available in a variety of sizes and styles, our pipette tips are suitable with most research grade pipettors.

Featuring:

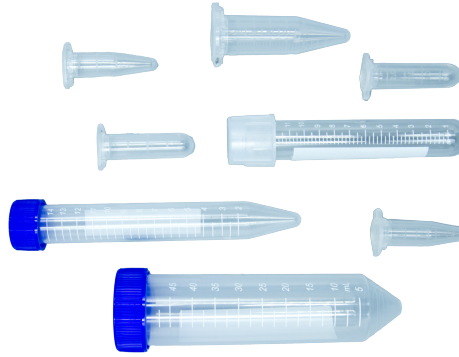

- Color-coded tray inserts for quick and easy identification on the bench
- Clear polypropylene material
- RNase, DNase, Nucleic Acid and Pyrogen Free

Centrifuge Tubes

Choose from flip cap or screw cap tubes, available in a variety of sizes. Our tubes have clear graduation on the walls for easy volume visibility, as well as a frosted area on the cap and tube for convenient marking.
